

## Unite in Salamis Bilfinger Offshore

As is well known Salamis Bilfinger Offshore came out of the OCA Agreement. some time ago.

This disappointing move by the employer left many Unite members within Salamis Bilfinger unsure of what exactly this might mean for them and their employment in the short, medium and long term.

However, a committed, passionate and skilled group of Unite activists, with the support of Unite Scotland, have now established a Salamis Bilfinger Offshore Branch.

Many Unite members are now receiving high quality individual representation and support from the new Salamis Bilfinger Offshore Branch of Unite.

The Branch and the membership within Salamis Bilfinger Offshore is growing every week and continues to go from strength to strength.

With a Unite Recognition Campaign on the horizon in the not too distant future, now is the time to roll up your sleeves and get involved.

### **An Agreement is only worth something if you have the power to enforce it**

While it would have been preferable for Salamis Bilfinger Offshore to have remained within the OCA Agreement, let us be clear: We need to have the power to enforce any Agreement that is in place. High union membership density and a well organised workforce can achieve far, far more than a poorly unionised and poorly organised workforce with an advantageous agreement.

**Union Density = Power to Win on the issues that matter most to you at work.**

## Sign the Back Home Safe 2017 Petition Now

Unite is calling for the Airbus Superpumas H225 and AS332 L2 not to be reintroduced into commercial operations in the UKCS and to be permanently removed from service transporting offshore workers .
