

## Unite on the Culzean Hook up

As mobilisation to the Culzean gathers pace we need to hear from members and workers now.

Help us get this right from the start by giving us your views today.

Perhaps you have complaints about the accommodation? For example you might have concerns about limited Wifi availability or access to phones to stay in touch with family and friends.

Alternatively you may have issues being paid for time spent training and/or time spent on Standby ahead of mobilisation?

Additionally, you may want to consider whether or not you are satisfied with the production bonuses (if any) you are being offered to deliver the Culzean project.

Whatever your concerns are we need to hear from you now. Please take 5 mins to give us your views by clicking this link:

# Unite on the Culzean

Do you work for Wood, Bilfinger, Aramark, Semco, Maersk or another company on the Culzean?

If so we need to hear from you today.
